new

The 860 Series is part of the **ProGuard Style** line and is designed to increase compliance through mirroring **fashion** eyewear trends. Workers who are not comfortable with the style of their safety eyewear are more likely to remove it, even around hazardous conditions. The Style line is built for the individual on the **cutting edge** of fashion. These styles offer a great look that can be worn all day. This **encourages compliance** and will keep the wearer safe.

Impact is proud to announce the 860 Series.

- Vented frame increases air flow to prevent fogging.
- Built-in rubber nose pads provide comfort fit and protect against slipping.
- Straight back flexible temples.
- Private labeling available.
- Polycarbonate lens provides 99.9% protection against harmful UVA and UVB rays.
